## Index Issue — July-December, 1988

With this issue, we continue our practice of publishing a semi-annual index to the cases and news stories that have appeared in Lawyers Weekly during the past six months.

We began this service in 1980 in response to requests from lawyers and judges for a convenient reference guide to the newspaper, and we hope that the indexes have been helpful to our readers.

The index is divided into two parts. The first part, which begins on this page, contains a complete listing of every court or administrative agency opinion that has appeared in the paper since July 4, 1988. The cases are listed by name under the appropriate court or administrative agency heading.

The cases are also indexed by subject matter, beginning on page 10. In the sections below, we have listed the courts

and administrative agencies that are covered and the subject matter headings that have been used.

Note that in the Subject Matter Index, the capital letter that appears next to the issue date in the fourth column corresponds to the court or agency from which the case originated. Reference must then be made to the section headlined "What Courts are Covered" to translate the letter code into the appropriate court or agency.

The second part of the index is devoted to front-page news stories and feature and news articles that have appeared inside or in separate supplements since the July 4 issue. Also indexed are laws that have been enacted during the past six months. Only those laws that have been listed in a box, under the heading Important Bills Signed, are indexed.

The Trial Reports are indexed according to subject matter within the News Story Index, which begins on page 18.

Each index reference includes the date of the issue in which the case or story appeared and the cumulative page number (citation) on which the item appeared.

Because of space considerations, it is impossible to include in this index all the information contained in Lawyers Weekly. We hope you will continue to consult your issues of the newspaper each week so that you will remain fully informed.

As always, our goal is to be of service to the legal community in Massachusetts. If you have any comments or suggestions on this index issue, or on Lawyers Weekly in general, please let us know.

### What Courts Are Covered?

The Case Name Index, which begins below, contains the title of every case from a court or administrative agency which has appeared in Lawyers Weekly during the last six months of 1988.

The courts and administrative agencies which are covered, together with their letter codes, are listed below:

## Case Name Index

### How To Use This Index

This index includes cases which were reported in Lawyers Weekly during the past six months. The listings are alphabetical (by plaintiff's name only) within each court department or administrative agency.

Following the case name is a column listing the volume and number of the issue of Lawyers Weekly, which is then followed by a column listing the cumulative page number of the appropriate volume of Lawyers Weekly — the MLW citation. (This page number may be found on the top inside of each page of Lawyers Weekly; for example, 17 MLW 1545.) This column is then followed by the issue date.

The last two columns provide the Lawyers Weekly case number which is followed by the number of pages in that particular case. The Lawyers Weekly case number is to be used when ordering the full text of an opinion.

## Mortgages

We specialize in mortgages where the credit history is questionable but the equity in the property is unquestionable. We handle defaults understandably when mortgagors have temporary financial problems. We also buy existing mortgages and finance small condominium conversions.

## D APPEALS COURT

ACUSHNET FEDERAL CREDIT UNION V. RODERICK 17-11 557 12/05 242-9

(See page 6)

## How To Use This Index

This index includes cases which were reported in Lawyers Weekly during the past six months. The listings are alphabetical (by plaintiff's name only) within each court department or administrative agency.

Following the case name is a column listing the volume and number of the issue of Lawyers Weekly, which is then followed by a column listing the cumulative page number of the appropriate volume of Lawyers Weekly — the MLW citation. (This page number may be found on the top inside of each page of Lawyers Weekly; for example, 17 MLW 1545.) This column is then followed by the issue date.

The last two columns provide the Lawyers Weekly case number which is followed by the number of pages in that particular case. The Lawyers Weekly case number is to be used when ordering the full text of an opinion.

## Uni-Kit™

### The value leader in corporation outfits

**Generations of Leadership**  
Forty one years of leadership in legal supplies and one and one half million corporation kits are your assurance of satisfaction with Uni-Kit, the corporation outfit that unites economy with quality.

**Complete in every detail**  
Everything you need to fill the requirements of incorporation are in this kit and it is available in an attractive leather-like vinyl binder that is offered in tan or black.

**Modern Construction,  
Traditional Protection**  
The new thermo-molded construction provides sure protection for the

contents and also forms a pocket to hold the exclusive onyx and gold finish corporate seal.  
Order the Uni-Kit with either printed or blank by-laws, minutes and stock certificates. All-state always includes a stock transfer ledger and five indexes to organize your client's records.

**Fast Service and rush deliveries**

Orders received by noon are shipped by 5:00 PM the same day — Freight Free. You can request rush delivery via Federal Express for a slight additional charge.

Mail or FAX your order in today.  
Our FAX machine is open 24 hours  
1 800 634-5184 (in NJ 201 272-0125)  
or Call 1 800 222-0510

## How To Use This Index

This index includes cases which were reported in Lawyers Weekly during the past six months. The listings are alphabetical (by plaintiff's name only) within each court department or administrative agency.

Following the case name is a column listing the volume and number of the issue of Lawyers Weekly, which is then followed by a column listing the cumulative page number of the appropriate volume of Lawyers Weekly — the MLW citation. (This page number may be found on the top inside of each page of Lawyers Weekly; for example, 17 MLW 1545.) This column is then followed by the issue date.

The last two columns provide the Lawyers Weekly case number which is followed by the number of pages in that particular case. The Lawyers Weekly case number is to be used when ordering the full text of an opinion.

# Case Subject Index

## How To Use This Index

This index includes all of the cases which have been reported in Lawyers Weekly during the past six months, listed by subject matter. The cases are listed by specific subject matter within broader categories — such as, "Administrative," or "Practice, Civil."

The specific subject matter listing is followed by columns denoting the volume and number of the Lawyers Weekly issue, which is then followed by the cumulative page number of Lawyers Weekly — the citation. (The cumulative page number may be found on the top inside of each page of Lawyers Weekly, e.g., 17 MLW 1545.) The next column lists the issue date of Lawyers Weekly.

The letter which appears next to the date is the letter code for the court or administrative agency from which the case originated. To determine which court corresponds to the letter used, please consult the "What Courts Are Covered" explanation which appears on page one.

The final two columns list the Lawyers Weekly number for that particular case and the number of pages. When ordering the full text of a decision, please use the Lawyers Weekly number.

# HOW TO GET AND KEEP GOOD CLIENTS

Fundamental Techniques of Lawyer Marketing for Solo Practitioners  
and Small Law Firms by Jay G. Foonberg, J.D., C.P.A.

"... hundreds of tips, techniques ... based  
upon more than 300 practice management  
seminars ... a practical approach." — *ABA  
Journal*

"... Foonberg lays out in simple fashion those  
procedures that successful lawyers use daily to  
keep clients and remain successful ... Reading  
this book could easily be the most success-  
ful thing you can do to enhance your law prac-  
tice. I highly recommend it." — *Ronald W. Del  
Sesto, Rhode Island Bar Journal*

"How to Get and Keep Good Clients fills a  
vacuum in the area of practice development. Its  
highly readable style and format, with concrete  
examples, make it actually usable by the busy  
attorney - no small feat!" — *Texas Bar Journal*

"Foonberg's book on the shelf is like [having] a  
marketing mentor in the office. If lawyers would  
like to get more clients, they should read this  
book. The first few minutes with a new client  
should pay for it." — *TRIAL*

"Jay Foonberg's *How to Get and Keep Good  
Clients* is absolutely marvelous reading and  
practical to a fault ... almost as good as hear-  
ing him in person! ... No present or prospec-  
tive lawyer should be without it." — *Kline  
Strong, Salt Lake City, Utah*

"Jay Foonberg has done it again. With  
penetrating perception, masterful organization,  
and his usual courage, he has explained the  
realities of getting and keeping good clients."  
— *Gene Cavin, Austin, Texas*

"... ranks with the best of available literature ..." — *Malpractice Prevention Reporter*

"... a unique blend of experience and common sense ... a best buy ..." — *Law Office Economics and Management Report*

"... low cost and no cost techniques and tools for increasing and upgrading any professional practice." — *Florida Bar Journal*

## How To Use This Index

This index includes all of the cases which have been reported in Lawyers Weekly during the past six months, listed by subject matter. The cases are listed by specific subject matter within broader categories — such as, "Administrative," or "Practice, Civil."

The specific subject matter listing is followed by columns denoting the volume and number of the Lawyers Weekly issue, which is then followed by the cumulative page number of Lawyers Weekly — the citation. (The cumulative page number may be found on the top inside of each page of Lawyers Weekly, e.g., 17 MLW 1545.) The next column lists the issue date of Lawyers Weekly.

The letter which appears next to the date is the letter code for the court or administrative agency from which the case originated. To determine which court corresponds to the letter used, please consult the "What Courts Are Covered" explanation which appears on page one.

The final two columns list the Lawyers Weekly number for that particular case and the number of pages. When ordering the full text of a decision, please use the Lawyers Weekly number.

## How To Use This Index

This index includes all of the cases which have been reported in Lawyers Weekly during the past six months, listed by subject matter. The cases are listed by specific subject matter within broader categories — such as, "Administrative," or "Practice, Civil."

The specific subject matter listing is followed by columns denoting the volume and number of the Lawyers Weekly issue, which is then followed by the cumulative page number of Lawyers Weekly — the citation. (The cumulative page number may be found on the top inside of each page of Lawyers Weekly, e.g., 17 MLW 1545.) The next column lists the issue date of Lawyers Weekly.

The letter which appears next to the date is the letter code for the court or administrative agency from which the case originated. To determine which court corresponds to the letter used, please consult the "What Courts Are Covered" explanation which appears on page one.

The final two columns list the Lawyers Weekly number for that particular case and the number of pages. When ordering the full text of a decision, please use the Lawyers Weekly number.

# News Story Index

## How To Use This Index

Printed below is a listing by subject matter of the news stories and other features that have appeared in Lawyers Weekly during the last six months of 1988. Not included are meeting notices and other dated material.

Following the story listing are columns containing the volume and number of the Lawyers Weekly issue, the cumulative page number (the citation) and the date of the issue in which the article appeared.

Rules and other developments in the courts may be found under the heading, News From The Courts. Stories about significant rules changes may also be found on page

Articles that have appeared in special sections such as Real Estate or Law Practice Management, are indexed under those specific headings.

Under the Legislation heading are recent bills signed into law by the governor; they are listed in a box on the News From Beacon Hill page headed Important Bills Signed. These bills are seen as having some significance to the legal community.
